There is great complaint that con-
gressmen don't attend the sessions,
but no one has intimated that they
are not present at the committee
meetings where the pork is distrib-
uted.

The dollar spent by the merchant
who does not advertise is unusually
spent paying interest on stock that
stays on the shelves.

GAS EXPLOSION IN THE OPEN AIR

Mrs. C. L. Byrd, who was in town
Saturday from the Big Creek ranch
near Quinn River Crossing, told the
story of an accident which occurred
at the ranch last Thursday afternoon
and came near resulting in three per-
sons being seriously burned. Mrs.
Byrd and her sister, Mrs. Mary
Smith, were washing a dress in gaso-
line in the open air near the ranch
house when an explosion occurred
from some unknown cause. Mrs.
Byrd's dress caught fire and that she
escaped being burned to death was
miraculous. Fortunately she retained
her presence of mind and threw
herself on the ground and rolled in
the sand until the blaze was extin-
guished. The extent of her injury
was a bruised and burned hand. Mrs.
Smith and Mrs. Byrd's 8-year-old son,
Ernest, who were near when the ex-
plosion occurred, escaped serious in-
jury, though their faces were
scorched by the intense heat.

When Mrs. Byrd arose she grabbed
a long pole and upset the basin of
burning gasoline and the flames
were drawn into the house through
an open window. The boy ran to the
field where men were working and
summoned help but when they
reached the house the two women
had succeeded in extinguishing the
flames.

The cause of the explosion is a
mystery. It occurred out of doors
in the shade with wind blowing and
there had been no fire in the house
for hours.—Humboldt Star.

ENGLISH HAVE NEW WAGE BILL

(Correspondence Associated Press)
LONDON, July 19.—To provide ade-
quate living wages and to set a
limit of 48 hours as a week's work is
declared to be the purpose of two
important bills which are being pre-
pared for action in parliament.

These two measures are understood
to be the result of an agreement be-
tween representatives of employers,
of trade unions and of the minister
of labor, acting as a national indus-
trial conference. They are described
as "government bills on maximum
working hours and minimum time
rates."

The wage bill as drawn up pro-
vides for an inquiry by a commission
to decide what shall be the minimum
wages for adults and for young per-
sons, the commission to consider the
cost of living. It is also provided
that the minimum wage shall be ade-
quate to meet the increased living
cost.

The bill intended to make 48 hours
constitute a week's work does not
apply to domestic servants, seamen
or ocean-going vessels, nor to em-
ployees in positions of trust and con-
fidence.

GORDON SAYS GOLD CIRCLE IS COMING GREAT CAMP

L. D. Gordon, prominent mining
man of Round Mountain and other
Nevada camps, was in town Saturday,
coming from Gold Circle, where he is
interested with Berry brothers in the
Big Chief company property. Mr. Gor-
don spoke enthusiastically of the
showings on the Big Chief and other
properties and said there is no doubt
Gold Circle will take its place with
the leading mining camps of the state
before the end of the year.—Winne-
muca Star.

What's that, strike of the mail-
carrying aviators? Have they, too,
"walked out" and, if so, where?

After reading the conflicting opin-
ions of the stock brokers on the fi-

that stocks will go up if they don't
go down.
